

Autism can be isolating. Across the province, ASBC aims to provide people impacted by autism with access to credible resources and a supportive community. Through a free membership of ASBC, you obtain access to the following valuable programs, services and events:

**Summer Reimbursement Program:** ASBC's Summer Reimbursement Program assists parents who wish to access fun and engaging programming for their child(ren) with ASD during summer vacation. This program has helped numerous families partially fund their child's participation in a variety of summer activities from sports camps to art classes.

**Ticket Giveaway Program:** ASD can take a significant financial toll on a family. As part of our mission to support families impacted by ASD, ASBC created the Ticket Giveaway Program. This program gives families the opportunity to participate in a draw to receive free tickets and enjoy spending time together.

**Community Support Groups (Lecture-Series + Support):** Obtaining meaningful guidance through the vast pool of online and offline ASD information can be extremely challenging. Our support groups bring credible information presented by experts to communities across BC. Community Support Groups connect individuals impacted by ASD with one another while providing an opportunity for group discussion and a question and answer period with the speaker.

**Behaviour Interventionist's Basic Training Workshop:** This two-day workshop focuses on the implementation of behavioural autism treatments and is run by highly experienced behaviour consultants.

**ABA Summer Camp:** ASBC has been providing a safe and structured environment for children with ASD for 6 years through our ABA Summer Camp. The ABA Summer Camp is designed to suit the needs of a variety of children with ASD who are participating in an ABA home program.
