

Fundraising Kit

AutismBC wants to make sure that your fundraiser is successful and informative for those attending. Part of our support will include a fundraising kit that you can either pick up at our office 3688 Cessna Drive, Richmond BC V7B 1C7 or we can mail to you (within BC).

This fundraising kit is intended to be informative as well as draw attention to your event. This is a physical kit that can include the following in various quantities depending on what you and AutismBC see suitable for your fundraiser.

Please note that as a non-profit organization we are using money in order to print/produce these items. Please only request items that will be absolutely needed for your event. As well, please consider that if there are any extra non-used items after the event, AutismBC would appreciate it if those items were mailed back so we could contribute them to future third party fundraisers
